EMAIL to the Copper pyrophosphate_233-279-4_SIEF (IP37):

Subject: Updated USES file Copper pyrophosphate, EC 233-279-4, CASRN 10102-90-6, registered Inorganic Phosphates Consortium substance

To all members of the **Copper pyrophosphate_233-279-4_SIEF**,

As you are aware, the REACH registration dossier of the Inorganic Phosphates Consortium substance Copper pyrophosphate, EC 233-279-4, CASRN 10102-90-6, IP37, is scheduled to be submitted to ECHA for the 2018 deadline by the Lead Registrant, Chemische Fabrik Budenheim.

This is to inform you that the Lead Registrant has updated the USES file. Please find the latest version of the USES file here: <http://www.inorganic-phosphates.org/substances.html>

We kindly ask you to check the USES reported and to notify any USES you identified which are not yet included in the document. Your feedback is essential to complete the dossier comprehensively, as well to get the exposure scenario calculations right.

Please let us have your **feedback no later than July 08, 2017** to secretary@inorganic-phosphates.org.

Please note that no response to this email by the date indicated above will be understood as agreement to the USES as communicated on the website today. In particular, please note that any uses and applications communicated to us after that date may not be covered in the REACH Registration dossiers.

Looking forward to hearing from you,

Doris Peters
