***Subject: Updated USES file Triiron bis(orthophosphate), EC No. 239-018-0, CAS No. 14940-41-1, scheduled registration deadline 2018, Inorganic Phosphates Consortium***

To all members of the **Triiron bis(orthophosphate)\_239-018-0\_SIEF**,

This communication is to inform you that the Lead Registrant of the substance Triiron bis(orthophosphate), EC No. 239-018-0, CAS No. 14940-41-1, Chemische Fabrik Budenheim, (intending a full registration for the 2018 deadline in the tonnage band 10-100t/a) has updated the USES file. Please find the latest version of the USES file here: <http://www.inorganic-phosphates.org/substances.html>.

We kindly ask you to check the USES reported and to notify any USES you identified which are not yet included in the document.

Please let us have your **feedback no later than July 25, 2017** to [secretary@inorganic-phosphates.org](mailto:secretary@inorganic-phosphates.org)

**Please note** that no response to this email by the date indicated above will be understood as agreement to the USES as communicated on the website today. In particular, please note that any uses and applications communicated to us after that date may not be covered in the REACH Registration dossiers.

Looking forward to hearing from you,

Maren Rectanus
