**EMAIL to the co-registrants of the following substances:**

**Trimagnesium bis(orthophosphate)  
EC 231-824-0, CAS 7757-87-1, IP30**

***Subject: Dossier update IP30, Inorganic Phosphates (IP) Consortium***

To all co-registrants of above-mentioned substance,

This communication is to inform you that the lead registrant Chemische Fabrik Budenheim KG, Rheinstr. 27, 55257 Budenheim, Germany, updated the dossier and CSR.

The dossier has been updated to change the legal composition as well as to include further uses. No uses have been deleted.

The changes in the legal composition are not relevant for co-registrants. As IP30 is not classified, the CSR has been submitted jointly by the lead registrant and therefore co-registrants do not need to update their dossier nor CSR.
